

Storytime Suggestions for SNOWY SPORTS

Activity Materials

- chart paper
- pencils or pens
- photocopies of “Winter Sport Match-Up” activity on page 2

Before Storytime

Snowy Sports is a fun introduction to the exciting world of winter sports. Ask your group what their favorite winter sports are. What type of clothing should they wear when they play a winter sport?

During Storytime

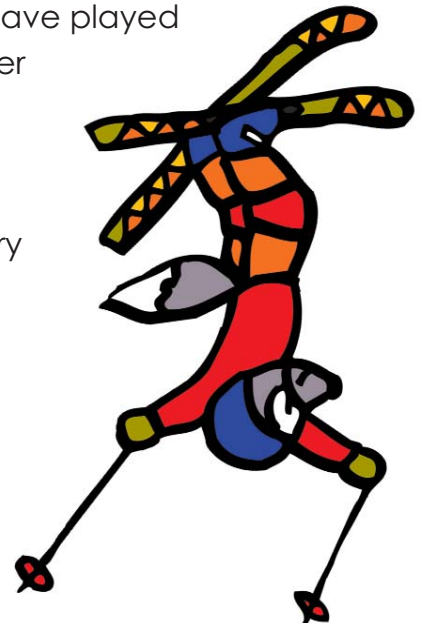

Each page highlights an illustration of a piece of winter clothing or a piece of sports equipment. Ask your group to spot the piece of winter clothing or sports equipment on each page and describe what it's used for.

After Storytime

The sports featured in the book include bobsleigh, curling, cross-country skiing, hockey, ice skating, snowboarding and more. Ask your students to list the winter sports they have played before. Which winter sports have they never played? Which winter sports would they like to try playing and why?

For more fun, hand out a copy of the “Winter Sport Match-Up” activity to every person in the group.

Winter Sport Match-Up

Draw a line connecting the image with the winter sport.
Turn the page upside down to reveal the answers.

Downhill skiing

Snowboarding

Hockey

Luge

Ice skating

Speed skating

Sledge hockey
